| Supplier Calls & Emails | Our official supplier is Freeman (contracted stand builder, transport & logistics provider). They may contact you directly to confirm your requirements for this event. You may experience other contractors 'pitching' you for your business (stand building, printing etc.) and advising you they are a preferred contractor however, unless the company is included in the above recommended suppliers, then they are providing false information. | |
| SPAM WARNING | List broking companies sometimes email exhibitors claiming to have IHHA & WCRR attendee data. This is false and we advise you to delete this as it is spam. | |

Should you have any questions on the above, please contact Informa (Event Organizers):
